  Room for questions

EU DIRECTIVE 2017/2397 (Dec. 12th, 2017)

- About recognition of professional qualifications
  - Standards for competences
  - Standards for examination

- Into force since January 2022

MAIN OBJECTIVES OF COMPETING

COMPETING is a success when we have…

- facilitated implementation EU directive

- more harmonised lessons material

- e-learning material available

- contributed to a more level playing field

Intellectual Output

I.   Development of 14 course manuals (all competence areas and levels)

- enabling implementation of competence based education & training

II.   Development of an auditsystem

- enabling quality assurance of e&t institutions by competent authorities

POLL

1. What do you expect from the new European competence based teaching materials?

2. What would be the best outcome of todays' seminar for you?

STATE OF PLAY

Materials delivered

- blended learning environment (INeS)

- European Training Record Book OL/ML (EN/FR/NL)

- 3 videos (for promotional purposes)

- 14 course manuals (7 competence areas; OL/ML); course manual for setting up TtT's

- Add-on: QuestionPool (10 MC questions per competence, totalling up 1.550 calibrated questions) and additional e-learning material (self-learning quizzes/modules for several competence areas)
